The world's productivity service

Microsoft 365

Office 365

Windows 10

Enterprise
Mobility + Security
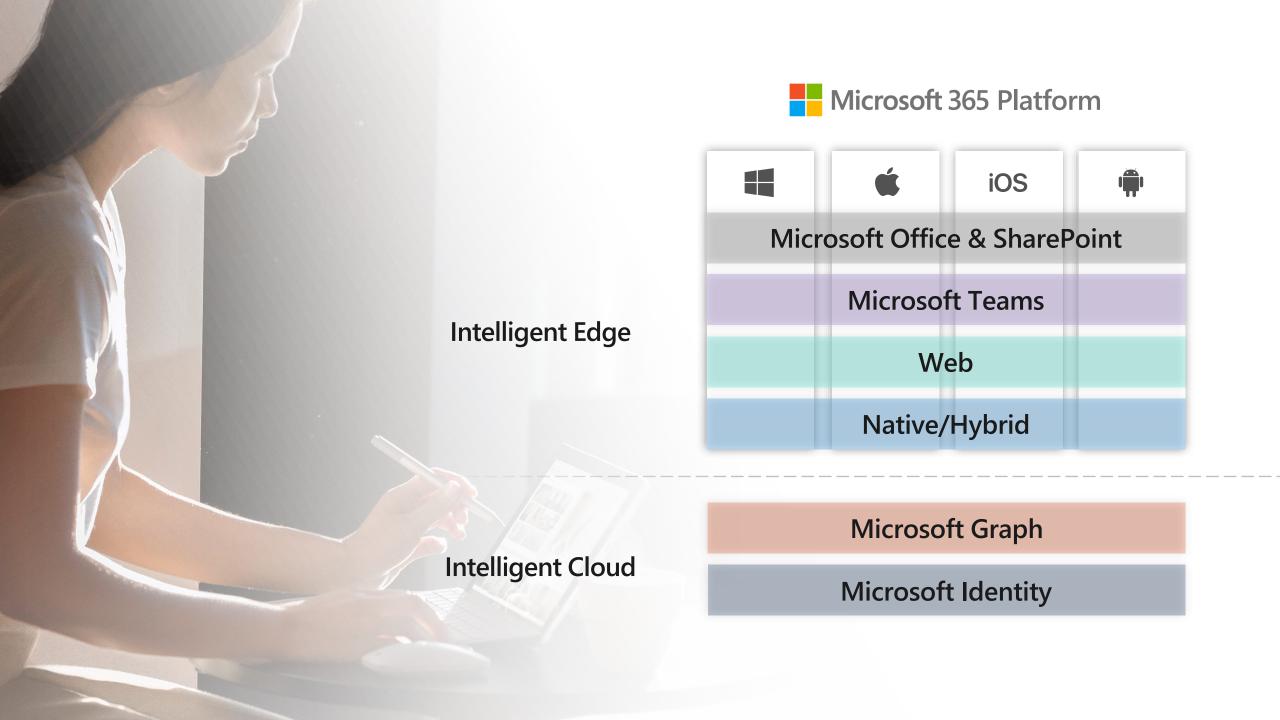

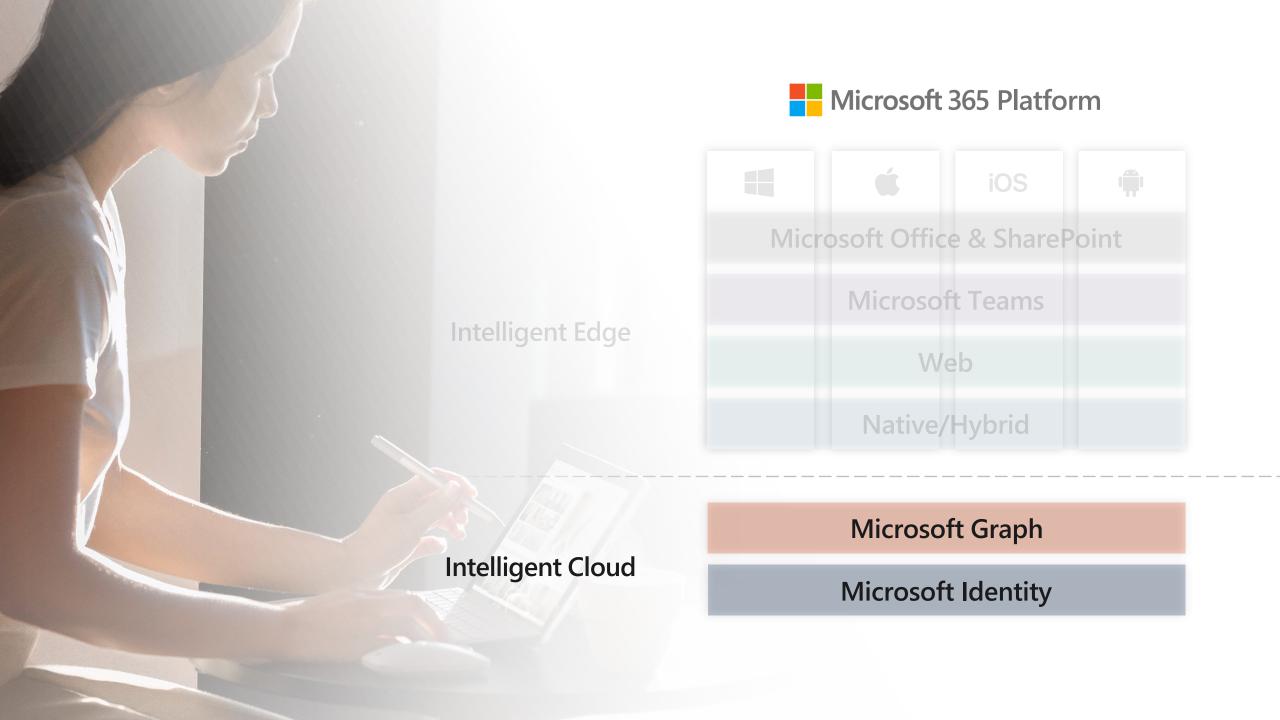

Microsoft Graph

Apps & Devices

We're focused on two massive platform opportunities, one, Microsoft Azure, the other Microsoft 365.

Microsoft 365 is the coming together of Windows and Office to build this multi-device, multi-sense experience, service, and platform. And it puts people at the center, versus devices at the center.

– Satya Nadella
